Data Source: 2018, 2019, 2021, and 2022 PSPS Data Files and 2018, 2019, 2021, and 2022 Physician Fee Schedule Final Rule Addendum B.

Note: Includes codes that are in the PSPS Part B data file and Addendum B for that year. Only includes PFS codes defined by status indicators A, C, R, T, and J for each year. Only includes HCPCS codes in 2018, 2019, and 2021 that were still active in 2022. Only includes HCPCS codes that have more than \$1 million in total allowed charges in 2022. HCPCS codes that have missing total allowed charges values are excluded from the percent change formula. Only includes HCPCS codes that have more than 10% growth in 3 consecutive years (2018, 2019, and 2021). 2020 data are not used due to the PHE impact on volume. Data are sorted by 2022 total allowed charges (column D).
