[1]BLS' 2018 National Compensation Survey (https://www.bls.gov/ncs/ebs/benefits/2018/ownership_private.htm); data reported is for private employers in the Pacific region unless otherwise noted

[2]Applies to the first $132,900 in earnings

[3]There is an additional 0.90% tax on earnings over $200,000

[4]Applies to first $7,000 in wages

[5]The rate models use the new employer tax rate in 2018

[6]BLS data for vacation and sick leave is based on national data (means) for private employers' employees with 1-5 years of experience (mean for those with 6-10 experience is 15 days of vacation and 7 days of sick leave); it is assumed that all staff with access to paid time off 'participate'

[7]In addition to BLS data, other sources were considered. According to U.S. DHHS' 2017 Medical Expenditure Panel, the average premium across all California employers was $524.58 with an employer share of $405.16 (Tables II.C.1 and II.C.2). According to Kaiser's review of individual health insurance plans offered through the State's health insurance exchange, for a 40 year-old non-smoker in California the second-lowest cost silver plan before tax credit (the 'benchmark' plan) is $338 (https://www.kff.org/private-insurance/issue-brief/tracking-2019-premium-changes-on-aca-exchanges/)

[8]BLS provides information for a variety of other benefits that cannot be combined

Appendix C: Benefits Assumptions

Benefit Rates by Wage Level Based on Benefits Assumptions (Excluding Workers' Compensation)
